Wedding Photography Prices

Preamble

Hi! Welcome to wild and wacky (and often confusing) world of wedding photography. Here at Van Middleton Photography we try to make things as simple as possible. There are no packages or combo deals or megameals or whatnot. Just figure out what you want (I'd be glad to help with that if you'd like), and add it all up.

Prices

$3500 - 8 hours photography coverage; includes all the high resolution images (with printing rights), an online gallery from which to download or (if you choose) buy prints, and a USB package.

$500 - Second photographer

$1500 - High-end, heirloom quality 12" x 12" photobook. Leather options, embossing and 25 spreads (50 pages) included.

$850 - 10" x 10" Parent Album (same design as the Couple's album)

$250 - extra hour

Postamble

1. Quick note on second shooters. You most probably do not *need* a second shooter. It sometimes helps, and it's nice to have a second angle, but I am very comfortable and confident shooting a wedding on my own, and often I prefer it that way.

2. My second shooters are not second quality. But I won't know who is available until the week prior to the wedding. They book their own weddings so I can't reserve them in advance.

3. Please see some sample wedding albums here

4. If you have any questions (which I hope you do!) please feel free to call or email.

5. I am based at just north of Byron Bay in Australia and I travel quite a bit for weddings, both within Australia and abroad. Please inquire as to travel rates to your specific location.

6. Thank you!!!
